Elden Ring Features Key:

The New Fantasy Action RPG: The Epic Drama - The key for an exquisite experience where story is created by being woven in the details of each fight
Player Customization - A wide variety of weapons, armor, and magic for the infinite alterations of battle strategies
Massively Multiplayer Online : A vast world where 8 or more players can interact with one another

Playstyle:

- Survival Tactics - Survive and advance with the strategy of “wait and see” and support characters rather than character-oriented actions
- Peaceful Duel - Fighting to earn fame and money by winning duels with other players and meeting in battles among large groups of people (with honor)
- Rare Materials - The key to making long-distance evolutions
- Epic Battle - Form a party to fight together alongside a variety of different companions

Online Features:

- Player vs. Player : Evolving with a huge player base, you can expand on your strengths and challenge other players to fights with your powerful upper class

-
- Whisper Network : A local chat function that enables users to easily communicate with each other
 - Portal Quest : A function that places you in the crossfire of your own story, at any time of day or night, anywhere in the world

Development Features:

- Rich Story and Music : The key to making an exquisite experience that is different from any other action game
- Complex and Innovative Features : An experience that is not to be missed with innovations never seen before
- Combining Game Mechanic and Player Interaction System : An online experience where game elements can be combined with a rich player interaction system
- Single Instance Game: Acquire players to play a single user game, a single group will not be made, so this will be of interest to fans of fantasy RPGs who want to celebrate the character creation and view the story that they do not have the opportunity to witness
