The drawings reflect the students' wide variety of artistic and aesthetic interests. An abundance of drawings feature the French, while other subjects such as Greek mythology, epic poetry, nature, fantasy, travel, aesthetics, astronomy, surgery, war and theater dominate. Some drawings show the artist's humorous wit. Others depict the artist as a serious artist. The collection of drawings is displayed with special settings and high levels of lighting. Some of the drawings are on loan from the Fine Arts Museums of San Francisco, the J. Paul Getty Museum and the Metropolitan Museum of Art.
