Some of these mods will work for the Modular Hammer as well. However, I prefer to use my Modular Hammer. . . . I prefer the Modular Hammer because it allows me to quickly change weapon/item/tool mods, and I don't have to find blueprints every time I want to change my item. There is also a mod that shows the full amount of energy used. . . . Blueprints look like the image above, there is a schematic and a material. The energy and fuel will be shown next to the material icon. . . . Hint: Other 0cc13bf012
