Hey guys and gals. Having problems with GOZ with LW11.0.3 & 3B4r4. I create the morph in LW and send it to zbrush, to make my morph when I send it back to LW But when I send it back there is a little problem I work in X64 and x64 Everything goes well when I run it but when I send it back it has a size that is much larger than the size it had when I sent it in. I don't understand what's going on. I tried to just reduce the size but it didn't work. What can I do? I really don't want to use Photoshop for this because
