*Amazon.com - "The product of dreams of a group of RPG fans." *PlayStation.Blog - "The game is short, there's a heck of a lot of it, and you're still carrying around the kind of loot that's worth lugging all the way to the moon. The opening seconds of the campaign, which delivers roughly half its quests, mark a welcome change from the nostalgia of the previous God Wars. The world, you'll notice, is the entire world." *SavePSN - "That's exactly the kind of game that you want to save up for during a lull between gigantic AAA releases, and Tarnished Knight contains plenty of content, and almost no filler." *Critic.ec - "The combat is simultaneously simple and satisfying."

The actual quest takes you across a large area map, there is a few boss battles, and you get to play through a secondary campaign where you go to resolve the issues on a major plot point. Combat is simple, the enemy is smart, and the game forces you to adjust the flow of battle as you play."

*Hardcore Gamer - "If you're looking for a fast-paced online RPG that offers a fresh take on the genre while mixing in loads of loot, you'll find plenty to like with Tarnished Knight." *Rev3Games - "Tarnished Knight was an absolute joy to play, and to great effect. While people are often annoyed by short games on the PlayStation Store, Tarnished Knight is one of the shortest RPGs I've ever played and it shows just how much depth and variety the genre can offer." *PS Nation - "If you're looking for a modern RPG with old school charm, then you

should take a look at Tarnished Knight." *PC Magazine - "A perfect title to play during a lunch break or commute to work." *Softpedia - "A great port of a game for which its previous home was PS4" WHAT GAMES ARE TARNISHED KNIGHT EVOLVING FROM? • God Wars: The Complete Legend - An Action RPG that took only 1 year to create • More than 10 expansions released for the original game, including remakes of the most popular campaigns and new campaigns that the God Wars series has never seen before • A collector's bff6bb2d33
